Subject: CHFSS: Skills List Amendments

Those of you who have copies of the 1984 Skills List and would like to update
it without going back to each Federal Register entry, may want to mark your
List with the following. These are all the amendments that have appeared.
There are not very many. Mark each in your copy of the Skills List, and you
will be Entirely Up To Date.

Afghanistan--application of Skills List suspended indefinitely
6/12/84.

People's Republic of China--as of 1/17/89, all fields, all groups.

Iraq--add, all fields, all groups, effective 10/30/86.

Libya--retroactively suspended, 2/5/87.

South Africa--deleted effective 7/12/84.

Spain--deleted 7/28/93, but not retroactive (anyone who was
subject to 212(e) prior to that date because of the Skills
List still needs to get a waiver).

USIA says there is a new Skills List in the works, but it hasn't happened yet!

Thanks to all who responded to my inquiry about where to obtain the Exchange Visitors Skills List. I received numerous requests to summarize this information, so here goes:

(Thanks to Martha Wailes for providing the bulk of this information)

I didn't receive any information on whether this might be found on the web, although there is a web site containing the past three years' Federal Registers. USIA should be able to provide a copy otherwise.

The web site for recent Federal Registers (and other government documents) is at:

This is the web site for the Government Printing Office.
