Why do I need Medical Insurance?
Healthcare in the U.S. is very expensive. Even though you may be a healthy person, every one gets sick at one time or another and may need medical attention – maybe because of an illness like the flu or pneumonia or because of an accident. Medical insurance reduces the amount of money you would have to pay in the event you need to see a doctor or get prescription medicines.

What is CUA’s Policy on Medical Insurance?
CUA requires its students – whether domestic or international – to have medical insurance so that if they need medical attention of any kind, they do not need to worry about whether or not they can afford treatment. The full policy is available at: http://policies.cua.edu/StudentLife/healthinsurance.cfm

Am I automatically enrolled in the CUA Insurance Plan?
CUA offers a student insurance plan and will automatically enroll you in it (this is called being default enrolled) and will charge your student account - unless the following conditions apply:
1. You have medical insurance through another company AND
2. you complete the formal process to “waive” (be excused from) the University’s plan for the current academic year.

Enrollment/Waivers of insurance must be completed each year.

Official Communications Regarding Insurance
You will receive official communication regarding your insurance ONLY through your CUA e-mail account. It is your responsibility to monitor your e-mail. Tip: check your Spam folder as sometimes these messages get filtered.

I’m not a U.S. citizen, but DO NOT HOLD CUA-sponsored F-1 or J-1 status. I have insurance from another company or organization and do not want the CUA insurance. What do I do?
You MUST complete the on-line waiver process, even if you submitted information about your insurance policy with your student application or waived insurance last year:
1. Go to www.srstudentcenter.com
2. Select “Catholic University of America” from the pull-down menu
3. Once at the Catholic University page, click on the link for “2009-2010 Domestic Waiver Form”
4. Answer the questions regarding you and your policy on the series of screens
5. Print your confirmation of the on-line waiver
6. Monitor your student account to be sure you are not charged for the insurance.

If you experience problems with the on-line waiver, you must bring your policy to the CUA Insurance Plan Administrator for help with a manual waiver.

I’m an international student in CUA-sponsored F-1 or J-1 status and I already have insurance. I do not need CUA’s insurance. What do I do?
You MUST complete the on-line waiver process AND PROVIDE copies of your insurance coverage to the Insurance plan administrator, even if you submitted information about your insurance policy with your student application or waived insurance last year:
1. Make sure the insurance policy you have meets the required minimum levels of coverage listed below
2. go to www.srstudentcenter.com
3. Select “Catholic University of America” from the pull-down menu
4. Once at the Catholic University page, click on the link for “2009-2010 International Waiver Form”
5. Answer the questions regarding you and your policy on the series of screens
6. Print your confirmation of on-line waiver
7. Contact CUA’s Student Medical Insurance Administrator to make arrangements for a review of your insurance policy
8. Get final approval from the insurance administrator

Required Levels of Minimum Coverage that Alternate Insurance plans must meet for F-1 and J-1 students to obtain a waiver of CUA’s insurance
For the waiver to be approved, F-1 or J-1 students must show that their insurance plan meets the following minimum standards:
□ Offers at least $250,000 of medical benefits per accident or illness per policy year
□ Does not have a deductible of more than $500 per accident or illness
□ Offers at least $7,500 for the repatriation of remains
□ Offers at least $10,000 for medical evacuation

Insurance for medical evacuation and repatriation of remains can be purchased separately.
